

Designer's Template & Instructions

Design your artwork to fit within these two areas. You may have to provide two slightly different versions in order to fit your design into each template. Then send your file in .jpg format, high resolution, with no excess margins (see green-dashed boxes for proper size of .jpg files). Send two separate files, one for each template type, name XXXXX-A.jpg and XXXXX-B.jpg, with Submission Agreement to contest@sleevesaver.com. Or fax signed submission agreement to 1-800-399-0181.

This template (A) is for our premium sleeves. No fold lines on this one, but mind the text areas. Don't put anything vital in the text areas, just background graphics. The text areas will be ghosted-out at 65%.

This template (B) is for our free sleeves and sleeve labels.
Please make sure your graphics fit within this area.
